Stand on the upstairs balcony of Salty's and taste the sea air on your lips. Sip a tot of rum and you could be standing on the bridge of your own ship looking out to sea and enjoying the fantastic views from this house.

A lovely new house built close to the beach and golf course, and yet only a short walk into Bude town. Bude itself is located on Cornwall's Atlantic "Heritage Coast" and offers wonderful walks, beautiful scenery and spectacular surfing beaches. To stand on the coastal footpath, a short distance from Salty's, even on the wildest winter day is an experience never to be forgotten.

With four bedrooms sleeping up to eight, Salty's is an excellent house in which to holiday and offers really comfortable accommodation. There is a fully equipped kitchen, two doubles (both ensuite) and two twin rooms with two further shower rooms and there is also a games room for the whole family to enjoy. A tidy garden with BBQ, table and chairs for al fresco dining, Salty's offers superb opportunities for a really great holiday by the sea.
